

Direct Observation of Procedural Skills: A Simple Restoration

This assessment should observe the VED during a simple restoration. The assessment is used to record judgements on the performance of the VED following an evaluator's observation of a specific patient encounter or case. The Assessor should give feedback as soon as possible after the event, whereby the VED's insight into their own performance will also be evaluated.

Date of assessment				
Description of case/encounter				
Please grade the following areas using the 1 to 4 scale:	Serious Concerns	Specific training required	Supervision required	Acceptable
	1	2	3	4
Procedural knowledge				
Technical ability				
Communication (patient and team)				
Professionalism				
Time management and organisation				
After feedback given on the assessment, please rate:				
VED's insight into own performance				
Areas of good performance:				
Specific areas for development (please attach action plan):				
Minutes spent observing:				
Minutes spent giving feedback:				
VED's comments, if any:				
Validation Supervisor's name and signature:				
VED's name and signature:
