7.	Name of Training Programme Director (TPD)	Dr Miranda Pring
8.	TPD Contact details	Bristol Dental Hospital Lower Maudlin Street BS1 2LY Miranda.pring@uhbw.nhs.uk
9.	Description of training post including Educational Supervisor if known	<p>Specialty training will be delivered alongside medically qualified histopathology trainees. The trainee will be integrated into a broader training programme that is overseen by the Severn Histopathology Training committee (Southmead Hospital Bristol). The trainee will initially gain experience in general pathology, autopsy and general cytology with attachments to OMFP pathology. In years 2-5 the emphasis will be on specialist training in Oral & Maxillofacial/ Head and Neck Pathology and cytology. The trainee will be based with the Head and Neck Pathology consultants at the satellite Severn Pathology Essential services laboratory, Bristol Royal Infirmary. This is collocated with Bristol's centralised Head and Neck surgical service, Head and Neck and dental Radiology and a range of other dental hospital specialties. The trainee will have the opportunity to also attend Head and neck 'one stop' rapid diagnosis ultrasound and cytology clinics at the dental hospital. The integrated service arrangement awards a broad exposure to a range of routine and specialist head and neck specimens including ENT, Oral & Maxillofacial, Oral Medicine/ Surgery, skull base, thyroid and head and neck cytology and allows for close working relationships with specialist trainees in general pathology but also other dental and head and neck specialities. The Bristol based Oral & Maxillofacial Pathologists also have close working relationships with Oral & Maxillofacial Pathology colleagues in Cardiff with opportunities for the trainee to</p>
