NB The timetable is set up to run each course approx once every 2 years. If a particular course does not arise during the 2 years of training, then it is suggested that the FTTA is funded to attend an equivalent course, in discussion with the TPD

If a trainee was presenting a paper or lecture at an appropriate conference we would consider supporting this on a case by case basis

Notes

- If a trainee has a particular training need not identified in matrix, prior agreement will be required
- Core GDC CPD requirements will not be funded
- Examinations – Travel and Subsistence will be available for the sitting of specialty examinations
